

Digital Realty Trust, Inc. Announces Proposed Offering of Common Stock

September 25, 2006

SAN FRANCISCO, Sept. 25 /PRNewswire-FirstCall/ -- Digital Realty Trust, Inc. (NYSE: DLR) announced today that it plans to sell 8,000,000 shares of its common stock in an underwritten public offering. The company also plans to grant the underwriters an option to purchase up to an additional 1,200,000 shares of common stock to cover over-allotments, if any. All of the shares will be offered by the company and will be issued under the company's currently effective shelf registration statement filed with the Securities and Exchange Commission.

The company intends to use the net proceeds from the sale of 4,000,000 of the shares of common stock (plus up to an additional 600,000 shares in the event the underwriters exercise their over-allotment option in full) to pay the redemption price on an equal number of limited partner units delivered by Global Innovation Partners for redemption. The remaining net proceeds will be used to temporarily reduce borrowings under the company's unsecured credit facility. Consistent with the company's growth strategy, the company is actively pursuing multiple opportunities for potential acquisitions, with due diligence and negotiations at different stages of advancement. The company intends to re-borrow amounts under its revolving credit facility from time to time to fund acquisitions, to build out the company's redevelopment and other space and for general corporate purposes. Merrill Lynch & Co. and Citigroup Corporate and Investment Banking will serve as joint book-running managers for the offering.

Copies of the final prospectus supplement, when available, may be obtained from Merrill Lynch & Co., 250 Vesey Street, New York, NY 10080 (telephone: 212-499-1000) or Citigroup Corporate and Investment Banking, 390 Greenwich Street, New York, NY 10013.
