DIGITAL REALTY

Digital Realty Reports First Quarter 2026 Results

April 23, 2026

AUSTIN, Texas, April 23, 2026 (GLOBE NEWSWIRE) -- **Digital Realty (NYSE: DLR),** the world's largest cloud- and carrier-neutral data center platform, announced today financial results for the first quarter of 2026. All per share results are presented on a fully diluted basis.

Highlights

- Reported net income available to common stockholders of $0.46 per share in 1Q26, compared to $0.27 in 1Q25
- Reported FFO per share of $1.99 in 1Q26, compared to $1.67 in 1Q25
- Reported Core FFO per share of $2.04 in 1Q26, compared to $1.77 in 1Q25; reported Constant-Currency Core FFO per share of $1.96 in 1Q26
- Signed total bookings during 1Q26 that are expected to generate $707 million of annualized GAAP base rent at 100% share; at Digital Realty's share, total bookings were $423 million, including a $98 million contribution from the 0-1 megawatt plus interconnection category
- Reported a total backlog of $1.8 billion of annualized GAAP base rent at 100% share, at the end of 1Q26; at Digital Realty's share, the total backlog was $1.0 billion
- Reported rental rate increases on renewal leases of 5.0% on a cash basis in 1Q26
- Raised 2026 Core FFO per share outlook to $8.00 - $8.10 and 2026 Constant-Currency Core FFO per share outlook to $7.95 - $8.05

Financial Results

Digital Realty reported total revenues of $1.6 billion in the first quarter of 2026, in line with the previous quarter and a 16% increase from the same quarter last year.

The company delivered net income of $175 million in the first quarter of 2026, as well as net income available to common stockholders of $169 million and $0.46 per share, compared to $0.24 per share in the previous quarter and $0.27 per share in the same quarter last year.

Digital Realty generated Adjusted EBITDA of $920 million in the first quarter of 2026, a 7% increase from the previous quarter and a 16% increase over the same quarter last year.

The company reported Funds From Operations (FFO) of $700 million in the first quarter of 2026, or $1.99 per share, compared to $1.89 per share in the previous quarter and $1.67 per share in the same quarter last year.

Excluding certain items that do not represent core expenses or revenue streams, Digital Realty delivered Core FFO per share of $2.04 in the first quarter of 2026, compared to $1.86 per share in the previous quarter and $1.77 per share in the same quarter last year. Digital Realty delivered Constant-Currency Core FFO per share of $1.96 in the first quarter of 2026.

"Digital Realty saw a further acceleration in data center demand and our growth trajectory in the first quarter, with record 0–1 megawatt plus interconnection leasing and the largest hyperscale lease in company history, which contributed to double-digit growth in Core FFO per share," said Digital Realty President and Chief Executive Officer Andy Power. "We are swiftly advancing hyperscale AI-oriented capacity in the U.S., growing our connectivity-rich portfolio across key global markets, and broadening our capital base to prudently extend Digital Realty's runway for growth."

Leasing Activity

In the first quarter, Digital Realty signed total bookings that are expected to generate $707 million of annualized GAAP rental revenue, at 100% share; at Digital Realty's share, total bookings were $423 million, including a $79 million contribution from the 0-1 megawatt category and a $19 million contribution from interconnection.

The weighted-average lag between new leases signed during the first quarter of 2026 and the contractual commencement date was nineteen months. The backlog of signed-but-not-commenced leases at quarter-end was $1.8 billion of annualized GAAP base rent at 100% share, and $1.0 billion at Digital Realty's share.

In addition, Digital Realty also signed renewal leases representing $193 million of annualized cash rental revenue during the quarter. Rental rates on renewal leases signed during the first quarter of 2026 increased 5.0% on a cash basis and 6.3% on a GAAP basis.

New leases signed during the first quarter of 2026, at Digital Realty's share, are summarized by region and product as follows:

Americas	Annualized GAAP Base Rent (in thousands)	Megawatts	GAAP Base Rent per Kilowatt

(1) Other includes Powered Base Building® shell capacity as well as storage and office space within fully improved data center facilities.
(2) Based on quarterly average exchange rates during the three months ended March 31, 2026.

Investment Activity

During the first quarter of 2026, Digital Realty acquired the following:

- An 873-acre parcel in the greater Atlanta metro area for $95 million. This parcel is proximate to Digital Realty's existing Atlanta campus and is expected to support over one gigawatt of IT capacity.
- A 30-acre parcel of land in the Portland metro area for $50 million that is expected to support 160 megawatts of IT capacity. This parcel is near another assemblage of land announced last quarter that is expected to support up to 85 megawatts of IT capacity.

As previously announced, during the quarter, Digital Realty acquired the following:

- Telepoint, a leading data center and interconnection provider based in Sofia, Bulgaria, for €66.5 million or $76.6 million, adding the market's leading connectivity hub to PlatformDIGITAL.
- Two land parcels totaling more than 90 acres near Milan, Italy for €56.5 million or $65.1 million. These parcels are located close to the terrestrial and subsea routes that connect northern Italy to other locations throughout the Mediterranean region.

Also previously disclosed, during the first quarter of 2026 Digital Realty entered into an agreement, to acquire TelcoHub 1, an operational 1.5-megawatt data center that is one of Malaysia's leading connectivity hubs, and an adjacent land parcel that can support the development of up to 14 megawatts of IT capacity. These transactions are expected to close in the first half of 2026, subject to customary closing conditions. Subsequent to quarter end, Digital Realty acquired a 15-megawatt data center development in Cyberjaya, Malaysia, located near TelcoHub 1, for approximately $117 million. This facility is unleased, with initial IT capacity expected to deliver in the second half of 2026 to support a connected campus.

During the first quarter, Digital Realty sold a non-core data center in the Boston metro area for gross proceeds of approximately $6.4 million.

Subsequent to quarter end, Digital Realty also closed on the sale of a non-core asset in the Atlanta metro area for $24 million.

Balance Sheet

Digital Realty had approximately $18.0 billion of total debt outstanding as of March 31, 2026, comprised of $17.2 billion of unsecured debt and approximately $0.8 billion of secured debt and other debt. At the end of the first quarter of 2026, net debt-to-Adjusted EBITDA was 4.7x, debt-plus-preferred-to-total enterprise value was 22.7% and fixed charge coverage was 4.9x.

Since December 31, 2025, the company sold 7.3 million shares of common stock under its At-The-Market (ATM) equity issuance program at a weighted average price of $179.30 per share, for net proceeds of approximately $1.3 billion.

2026 Outlook

Digital Realty raised its 2026 Core FFO per share outlook to $8.00 - $8.10 and its 2026 Constant-Currency Core FFO per share outlook to $7.95 - $8.05. The assumptions underlying the outlook are summarized in the following table.

Top-Line and Cost Structure	**As of February 5, 2026**	**As of April 23, 2026**
Total revenue	$6.600 - $6.700 billion	$6.650 - $6.750 billion
Net non-cash rent adjustments[(1)]	($90 - $95 million)	($90 - $95 million)
Adjusted EBITDA	$3.600 - $3.700 billion	$3.650 - $3.750 billion
G&A	$610 - $620 million	$615 - $625 million
Internal Growth		
Rental rates on renewal leases		
Cash basis	6.0% - 8.0%	6.5% - 8.5%
GAAP basis	8.5% - 10.5%	9.5% - 11.5%
Year-end portfolio occupancy[(2)]	+50 - 100 bps	+50 - 100 bps
"Same-Capital" cash NOI growth[(3)]	4.0% - 5.0%	4.0% - 5.0%
Foreign Exchange Rates		
U.S. Dollar / Pound Sterling	$1.30 - $1.35	$1.32 - $1.37
U.S. Dollar / Euro	$1.13 - $1.18	$1.15 - $1.20
External Growth		
Dispositions / Joint Venture Capital		
Dollar volume	$500 - $1,000 million	$500 - $1,000 million
Cap rate	0.0% - 10.0%	0.0% - 10.0%
Development		
CapEx (Net of Partner Contributions)[(4)]	$3,250 - $3,750 million	$3,500 - $4,000 million
Average stabilized yields	10.0%+	10.0%+
Enhancements and other non-recurring CapEx[(5)]	$30 - $35 million	$30 - $35 million
Recurring CapEx + capitalized leasing costs[(6)]	$400 - $425 million	$400 - $425 million
Balance Sheet		
Long-term debt issuance		
Dollar amount	$1,000 - $1,500 million	$1,500 - $2,000 million
Pricing	4.0% - 4.5%	4.0% - 4.5%
Timing	Mid-Year	Mid-Year
Net income per diluted share	**$2.55 - $2.65**	**$2.65 - $2.75**
Real estate depreciation and (gain) / loss on sale	$4.90 - $4.90	$4.95 - $4.95
Funds From Operations / share (NAREIT-Defined)	**$7.45 - $7.55**	**$7.60 - $7.70**
Non-core expenses and revenue streams	$0.45 - $0.45	$0.40 - $0.40
Core Funds From Operations / share	**$7.90 - $8.00**	**$8.00 - $8.10**
Foreign currency translation adjustments	$0.00 - $0.00	($0.05) - ($0.05)

Constant-Currency Core Funds From Operations / share	**$7.90 - $8.00**	**$7.95 - $8.05**

(1) Net non-cash rent adjustments represent the sum of straight-line rental revenue and straight-line rental expense, as well as the amortization of above- and below-market leases (i.e., ASC 805 adjustments).
(2) Year-end portfolio occupancy guidance based on IT load (kW).
(3) The “Same-Capital” pool includes properties owned as of December 31, 2024 with less than 5% of total rentable square feet under development. It excludes properties that were undergoing, or were expected to undergo, development activities in 2025-2026, properties classified as held for sale and contribution, and properties sold or contributed to joint ventures for all periods presented. The 2026 “Same-Capital” cash NOI growth outlook is presented on a constant currency basis.
(4) Excludes land acquisitions and includes Digital Realty’s share of joint venture and fund contributions. Figure is net of joint venture and fund partners’ share of contributions.
(5) Other non-recurring CapEx represents costs incurred to enhance the capacity or marketability of operating properties, such as network fiber initiatives and software development costs.
(6) Recurring CapEx represents non-incremental improvements required to maintain current revenues, including second-generation tenant improvements and leasing commissions.

Note: The company does not provide a reconciliation for non-GAAP estimates on a forward-looking basis, where it is unable to provide a meaningful or accurate calculation or estimation of reconciling items, and the information is not available without unreasonable effort. Please see Non-GAAP Financial Measures in this document for further discussion.

Non-GAAP Financial Measures

This document contains non-GAAP financial measures, including FFO, Core FFO, Constant Currency Core FFO, Adjusted FFO, Net Operating Income (NOI), “Same-Capital” Cash NOI and Adjusted EBITDA. A reconciliation from U.S. GAAP net income available to common stockholders to FFO, a reconciliation from FFO to Core FFO, a reconciliation from Core FFO to Adjusted FFO, a reconciliation from NOI to Cash NOI, and definitions of FFO, Core FFO, Constant Currency Core FFO, Adjusted FFO, NOI and “Same-Capital” Cash NOI are included as an attachment to this document. A reconciliation from U.S. GAAP net income available to common stockholders to Adjusted EBITDA, a definition of Adjusted EBITDA and definitions of net debt-to-Adjusted EBITDA, debt-plus-preferred-to-total enterprise value, cash NOI, and fixed charge coverage ratio are included as an attachment to this document.

The company does not provide a reconciliation for non-GAAP estimates on a forward-looking basis, where it is unable to provide a meaningful or accurate calculation or estimation of reconciling items and the information is not available without unreasonable effort. This is due to the inherent difficulty of forecasting the timing and/or amount of various items that would impact net income attributable to common stockholders per diluted share, which is the most directly comparable forward-looking GAAP financial measure. This includes, for example, external growth factors, such as dispositions, and balance sheet items such as debt issuances, that have not yet occurred, are out of the company's control and/or cannot be reasonably predicted. For the same reasons, the company is unable to address the probable significance of the unavailable information. Forward-looking non-GAAP financial measures provided without the most directly comparable GAAP financial measures may vary materially from the corresponding GAAP financial measures.

Investor Conference Call

Prior to Digital Realty’s investor conference call at 5:00 p.m. ET / 4:00 p.m. CT on April 23, 2026, a presentation will be posted to the Investors section of the company’s website at https://investor.digitalrealty.com. The presentation is designed to accompany the discussion of the company’s first quarter 2026 financial results and operating performance. The conference call will feature President & Chief Executive Officer Andy Power and Chief Financial Officer Matt Mercier.

A live webcast of the call will be available on the Investors section of Digital Realty’s website at https://investor.digitalrealty.com. The webcast will be archived for one year and the replay will be available shortly after the conclusion of the live event.

About Digital Realty

Digital Realty brings companies and data together by delivering the full spectrum of data center, colocation and interconnection solutions. PlatformDIGITAL®, the company’s global data center platform, provides customers with a secure data meeting place and a proven Pervasive Datacenter Architecture (PDx®) solution methodology for powering innovation, from cloud and digital transformation to emerging technologies like artificial intelligence (AI), and efficiently managing Data Gravity challenges. Digital Realty gives its customers access to the connected data communities that matter to them with a global data center footprint of 300+ facilities in 55+ metros across 30+ countries on six continents. (2) Certain of Teraco's minority indirect shareholders have the right to put their shares in an upstream parent company of Teraco to Digital Realty in exchange for cash or the equivalent value of shares of Digital Realty common stock, or a combination thereof. U.S. GAAP requires Digital Realty to assume the put right is settled in shares for purposes of calculating diluted EPS. This same approach was utilized to calculate FFO/share. The potential future dilutive impact associated with this put right will be excluded from Core FFO and AFFO until settlement occurs – causing diluted share count to be higher for FFO than for Core FFO and AFFO. When calculating diluted FFO, Teraco related noncontrolling interest is added back to the FFO numerator as the denominator assumes all shares have been put back to Digital Realty.

	Three Months Ended				
	31-Mar-26	**31-Dec-25**	**30-Sep-25**	**30-Jun-25**	**31-Mar-25**
Teraco noncontrolling share of FFO	$15,410	$18,240	$17,018	$15,850	$13,286
Teraco related minority interest	**$15,410**	**$18,240**	**$17,018**	**$15,850**	**$13,286**

(3) For all periods presented, we have excluded the effect of dilutive series J, series K and series L preferred stock, as applicable, that may be converted into common stock upon the occurrence of specified change in control transactions as described in the articles supplementary governing the series J, series K and series L preferred stock, as applicable, which we consider highly improbable. See above for calculations of FFO and the share count detail section that follows the reconciliation of Core FFO to AFFO for calculations of weighted average common stock and units outstanding. For

definitions and discussion of FFO and Core FFO, see the Definitions section.

(4) Includes development fees included in gains, lease termination fees and gain on sale of equity investment included in other income.

(5) Relates to severance and other charges related to the departure of company executives and integration-related severance.

(6) Includes write-offs associated with non-recurring legal and insurance expenses, impact of foreign tax rate changes and adjustments to reflect our proportionate share of transaction costs associated with noncontrolling interests.

Fixed charge coverage ratio[7]	4.9x	4.5x	4.6x	4.7x	4.9x
Cash fixed charge coverage ratio[8]	4.2x	6.3x	3.8x	9.9x	3.9x
Leverage					

Debt to total enterprise value[9][10]	21.7%	25.1%	23.0%	23.2%	25.4%
Debt-plus-preferred-stock-to-total-enterprise-value[10][11]	22.7%	26.1%	23.9%	24.1%	26.6%
Pre-tax income to interest expense[12]	2.5x	1.8x	1.6x	10.6x	2.1x
Net Debt-to-Adjusted EBITDA[13]	4.7x	4.9x	4.9x	5.1x	5.1x

(3) Cash interest expense is interest expense less amortization of debt discount and deferred financing fees and includes interest that we capitalized. We consider cash interest expense to be a useful measure of interest as it excludes non-cash-based interest expense.

(4) Fixed charges consist of GAAP interest expense, capitalized interest, scheduled debt principal payments and preferred stock dividends.

(5) Adjusted EBITDA (including our pro rata share of unconsolidated entities EBITDA), divided by GAAP interest expense plus capitalized interest (including our pro rata share of unconsolidated entities interest expense).

(6) Adjusted EBITDA (including our pro rata share of unconsolidated entities EBITDA), divided by cash interest expense (including our pro rata share of unconsolidated entities interest expense).

(7) Adjusted EBITDA (including our pro rata share of unconsolidated entities EBITDA), divided by fixed charges (including our pro rata share of unconsolidated entities fixed charges).

(8) Adjusted EBITDA (including our pro rata share of unconsolidated entities EBITDA), divided by the sum of cash interest expense and preferred stock dividends (including our pro rata share of unconsolidated entities cash fixed charges).

(9) Total debt divided by market value of common equity plus debt plus preferred stock.

(10) Total enterprise value defined as market value of common equity plus debt plus preferred stock.

(11) Same as (9), except numerator includes preferred stock.

(12) Calculated as net income plus interest expense divided by GAAP interest expense.

(13) Calculated as total debt at balance sheet carrying value, plus finance lease obligations, plus Digital Realty's pro rata share of unconsolidated entities debt, less cash and cash equivalents (including Digital Realty's pro rata share of unconsolidated entities cash) divided by the product of Adjusted EBITDA (including Digital Realty's pro rata share of unconsolidated entities EBITDA), multiplied by four.

Definitions

Funds From Operations (FFO):

We calculate funds from operations, or FFO, in accordance with the standards established by the National Association of Real Estate Investment Trusts (Nareit) in the Nareit Funds From Operations White Paper - 2018 Restatement. FFO is a non-GAAP financial measure and represents net income (loss) available to common stockholders (computed in accordance with GAAP), excluding gain (loss) from the disposition of real estate assets, provision for impairment, real estate related depreciation and amortization (excluding amortization of deferred financing costs), our share of unconsolidated JV real estate related depreciation & amortization, net income attributable to noncontrolling interests in operating partnership and reconciling items related to noncontrolling interests. Management uses FFO as a supplemental performance measure because, in excluding real estate related depreciation and amortization and gains and losses from property dispositions and after adjustments for unconsolidated partnerships and joint ventures, it provides a performance measure that, when compared year over year, captures trends in occupancy rates, rental rates and operating costs. We also believe that, as a widely recognized measure of the performance of REITs, FFO will be used by investors as a basis to compare our operating performance with that of other REITs. However, because FFO excludes depreciation and amortization and captures neither the changes in the value of our data centers that result from use or market conditions, nor the level of capital expenditures and capitalized leasing commissions necessary to maintain the operating performance of our data centers, all of which have real economic effect and could materially impact our financial condition and results from operations, the utility of FFO as a measure of our performance is limited. Other REITs may not calculate FFO in accordance with the Nareit definition and, accordingly, our FFO may not be comparable to other REITs' FFO. FFO should be considered only as a supplement to net income computed in accordance with GAAP as a measure of our performance.

Core Funds from Operations (Core FFO):

We present core funds from operations, or Core FFO, as a supplemental operating measure because, in excluding certain items that do not reflect core revenue or expense streams, it provides a performance measure that, when compared year over year, captures trends in our core business operating performance. We calculate Core FFO by adding to or subtracting from FFO (i) other non-core revenue adjustments, (ii) transaction and integration expenses, (iii) gain (loss) on debt extinguishment and modifications, (iv) gain on / issuance costs associated with redeemed preferred stock, (v) severance, equity acceleration and legal expenses, (vi) gain/loss on FX and derivatives revaluation, and (vii) other non-core expense adjustments. Because certain of these adjustments have a real economic impact on our financial condition and results from operations, the utility of Core FFO as a

measure of our performance is limited. Other REITs may calculate Core FFO differently than we do and accordingly, our Core FFO may not be comparable to other REITs' Core FFO. Core FFO should be considered only as a supplement to net income computed in accordance with GAAP as a measure of our performance.

Adjusted Funds from Operations (AFFO):
We present adjusted funds from operations, or AFFO, as a supplemental operating measure because, when compared year over year, it assesses our ability to fund dividend and distribution requirements from our operating activities. We also believe that, as a widely recognized measure of the operations of REITs, AFFO will be used by investors as a basis to assess our ability to fund dividend payments in comparison to other REITs, including on a per share and unit basis. We calculate AFFO by adding to or subtracting from Core FFO (i) non-real estate depreciation, (ii) amortization of deferred financing costs, (iii) amortization of debt discount/premium, (iv) non-cash stock-based compensation expense, (v) straight-line rental revenue, (vi) straight-line rental expense, (vii) above- and below-market rent amortization, (viii) deferred tax expense / (benefit), (ix) leasing compensation and internal lease commissions, and (x) recurring capital expenditures. Other REITs may calculate AFFO differently than we do and, accordingly, our AFFO may not be comparable to other REITs' AFFO. AFFO should be considered only as a supplement to net income computed in accordance with GAAP as a measure of our performance.

EBITDA and Adjusted EBITDA:
We believe that earnings before interest expense, gain (loss) on debt extinguishment and modifications, income tax expense (benefit), and depreciation and amortization, or EBITDA, and Adjusted EBITDA (as defined below), are useful supplemental performance measures because they allow investors to view our performance without the impact of non-cash depreciation and amortization or the cost of debt and, with respect to Adjusted EBITDA, (i) unconsolidated entities real estate related depreciation & amortization, (ii) unconsolidated entities interest expense and tax expense, (iii) severance, equity acceleration and legal expenses, (iv) transaction and integration expenses, (v) gain (loss) on sale / deconsolidation, (vi) provision for impairment, (vii) other non-core adjustments, net, (viii) noncontrolling interests, (ix) preferred stock dividends, and (x) gain on / issuance costs associated with redeemed preferred stock. In addition, we believe EBITDA and Adjusted EBITDA are frequently used by securities analysts, investors, and other interested parties in the evaluation of REITs. Because EBITDA and Adjusted EBITDA are calculated before recurring cash charges including interest expense and income taxes, exclude capitalized costs, such as leasing commissions, and are not adjusted for capital expenditures or other recurring cash requirements of our business, their utility as a measure of our performance is limited. Other REITs may calculate EBITDA and Adjusted EBITDA differently than we do and, accordingly, our EBITDA and Adjusted EBITDA may not be comparable to other REITs' EBITDA and Adjusted EBITDA. Accordingly, EBITDA and Adjusted EBITDA should be considered only as supplements to net income computed in accordance with GAAP as a measure of our financial performance.

Net Operating Income (NOI) and Cash NOI:
Net operating income, or NOI, represents rental revenue, tenant reimbursement revenue and interconnection revenue less utilities expense, rental property operating expenses, property taxes and insurance expenses (as reflected in the statement of operations). NOI is commonly used by stockholders, company management and industry analysts as a measurement of operating performance of the company's rental portfolio. Cash NOI is NOI less straight-line rents and above- and below-market rent amortization. Cash NOI is commonly used by stockholders, company management and industry analysts as a measure of property operating performance on a cash basis. Same-Capital Cash NOI represents data centers owned as of December 31, 2024 with less than 5% of total rentable square feet under development and excludes data centers that were undergoing, or were expected to undergo, development activities in 2025-2026, data centers classified as held for sale and contribution, and data centers sold or contributed to joint ventures for all periods presented (prior period numbers adjusted to reflect current same-capital pool). However, because NOI and cash NOI exclude depreciation and amortization and capture neither the changes in the value of our data centers that result from use or market conditions, nor the level of capital expenditures and capitalized leasing commissions necessary to maintain the operating performance of our data centers, all of which have real economic effect and could materially impact our results from operations, the utility of NOI and cash NOI as measures of our performance is limited. Other REITs may calculate NOI and cash NOI differently than we do and, accordingly, our NOI and cash NOI may not be comparable to other REITs' NOI and cash NOI. NOI and cash NOI should be considered only as supplements to net income computed in accordance with GAAP as measures of our performance.

Additional Definitions

GAAP refers to United States generally accepted accounting principles.

Net debt-to-Adjusted EBITDA ratio is calculated as total debt at balance sheet carrying value, plus finance lease obligations, plus Digital Realty's pro rata share of unconsolidated entities debt, less cash and cash equivalents (including Digital Realty's pro rata share of unconsolidated entities cash) divided by the product of Adjusted EBITDA (including Digital Realty's pro rata share of unconsolidated entities EBITDA), multiplied by four.

Debt-plus-preferred-to-total enterprise value is total debt plus preferred stock divided by total debt plus the liquidation value of preferred stock and the market value of outstanding Digital Realty Trust, Inc. common stock and Digital Realty Trust, L.P. units, assuming the redemption of Digital Realty Trust, L.P. units for shares of Digital Realty Trust, Inc. common stock.

Fixed charge coverage ratio is Adjusted EBITDA divided by the sum of GAAP interest expense, capitalized interest and preferred stock dividends. For the quarter ended March 31, 2026, GAAP interest expense was $116 million, capitalized interest was $36 million and preferred stock dividends were $10 million.

Reconciliation of Net Operating Income (NOI) (in thousands)	Three Months Ended 31-Mar-26	 31-Dec-25	 31-Mar-25
Operating income before gain (loss) on disposition of properties, net	**$266,933**	**$112,624**	**$195,750**

Constant Currency Core FFO Per Share	**$1.96**	**$1.77**

(1) As reconciled to net income above.

(2) Adjustment calculated by holding currency translation rates for 2026 constant with average currency translation rates that were applicable to the same periods in 2025.

This document contains forward-looking statements within the meaning of the federal securities laws, which are based on current expectations, forecasts and assumptions that involve risks and uncertainties that could cause actual outcomes and results to differ materially. Such forward-looking statements include statements relating to: our economic outlook, our expected investment and expansion activity, anticipated continued demand for our products and service, our liquidity, our joint ventures, supply and demand for data center and colocation capacity, our acquisition and disposition activity, pricing and net effective leasing economics, market dynamics and data center fundamentals, our strategic priorities, our product offerings, available inventory, rent from leases that have been signed but have not yet commenced and other contracted rent to be received in future periods, rental rates on future leases, lag between signing and commencement, cap rates and yields, investment activity, the company's FFO, Core FFO, constant currency Core FFO, adjusted FFO, and net income, 2026 outlook and underlying assumptions, information related to trends, our strategy and plans, leasing expectations, weighted average lease terms, the exercise of lease extensions, lease

expirations, debt maturities, annualized rent at expiration of leases, the effect new leases and increases in rental rates will have on our rental revenue, our credit ratings, construction and development activity and plans, projected construction costs, estimated yields on investment, expected occupancy, expected square footage and IT load capacity upon completion of development projects, backlog NOI, NAV components, and other forward-looking financial data. Such statements are based on management's beliefs and assumptions made based on information currently available to management. Such statements are subject to risks, uncertainties and assumptions and are not guarantees of future performance and may be affected by known and unknown risks, trends, uncertainties, and factors that are beyond our control. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, estimated, or projected. Some of the risks and uncertainties that may cause our actual results, performance, or achievements to differ materially from those expressed or implied by forward-looking statements include, among others, the following:

- reduced demand for data centers or decreases in information technology spending;
- decreased rental rates, increased operating costs or increased vacancy rates;
- increased competition or available supply of data center capacity;
- the suitability of our data centers and data center infrastructure, delays or disruptions in connectivity or availability of power, or failures or breaches of our physical and information security infrastructure or services;
- breaches of our obligations or restrictions under our contracts with our customers;
- our inability to successfully develop and lease new properties and development capacity, and delays or unexpected costs in development of properties;
- the impact of current global and local economic, credit and market conditions;
- increased tariffs, global supply chain or procurement disruptions, or increased supply chain costs;
- the impact from periods of heightened inflation on our costs, such as operating and general and administrative expenses, interest expense and real estate acquisition and construction costs;
- the impact on our customers' and our suppliers' operations during an epidemic, pandemic, or other global events;
- our dependence upon significant customers, bankruptcy or insolvency of a major customer or a significant number of smaller customers, or defaults on or non-renewal of leases by customers;
- changes in political conditions, geopolitical turmoil, political instability, civil disturbances, restrictive governmental actions or nationalization in the countries in which we operate;
- our inability to retain data center capacity that we lease or sublease from third parties;
- information security, cyberattacks, security breaches and data privacy breaches;
- difficulties managing an international business and acquiring or operating properties in foreign jurisdictions and unfamiliar metropolitan areas;
- our failure to realize the intended benefits from, or disruptions to our plans and operations or unknown or contingent liabilities related to, our recent and future acquisitions;
- our failure to successfully integrate and operate acquired or developed properties or businesses;
- difficulties in identifying properties to acquire and completing acquisitions;
- risks related to joint venture investments, including as a result of our lack of control of such investments;
- risks associated with using debt to fund our business activities, including re-financing and interest rate risks, our failure to repay debt when due, adverse changes in our credit ratings or our breach of covenants or other terms contained in our loan facilities and agreements;
- our failure to obtain necessary debt and equity financing, and our dependence on external sources of capital;
- financial market fluctuations and changes in foreign currency exchange rates;
- adverse economic or real estate developments in our industry or the industry sectors that we sell to, including risks relating to decreasing real estate valuations and impairment charges and goodwill and other intangible asset impairment charges;
- our inability to manage our growth effectively;
- losses in excess of our insurance coverage;
- our inability to attract and retain talent;
- environmental liabilities, risks related to natural disasters and our inability to achieve our sustainability goals;
- the expected operating performance of anticipated near-term acquisitions and descriptions relating to these expectations;
- our inability to comply with rules and regulations applicable to our company;
- Digital Realty Trust, Inc.'s failure to maintain its status as a REIT for U.S. federal income tax purposes;
- Digital Realty Trust, L.P.'s failure to qualify as a partnership for U.S. federal income tax purposes;
- restrictions on our ability to engage in certain business activities;
- changes in local, state, federal and international laws and regulations, including related to taxation, real estate and zoning laws, and increases in real property tax rates; and
- the impact of any financial, accounting, legal or regulatory issues or litigation that may affect us.

The risks included here are not exhaustive, and additional factors could adversely affect our business and financial performance. Several additional material risks are discussed in our annual report on Form 10-K for the year ended December 31, 2025, and other filings with the U.S. Securities and Exchange Commission. Those risks continue to be relevant to our performance and financial condition. Moreover, we operate in a competitive and rapidly changing environment. New risk factors emerge from time to time and it is not possible for management to predict all such risk factors, nor can it assess the impact of all such risk factors on the business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. We expressly disclaim any responsibility to update forward-looking statements, whether as a result of new information, future events or otherwise.
